Oneida Nation of the Thames, in collaboration with the Imagine Build team, are proud to invite the community to join us for an evening of celebration as we celebrate the power of imagination through music, art and stories.

Imagine Build: In January 2021, a group of people started working with Oneida Nation of the Thames Council and Administration on how to address the housing crisis. With a waitlist of 47 families seeking a safe home, we are excited to share what happens when we imagine a way forward together in the spirit of Truth & Reconciliation.

"It's remarkable to see this project driven by a group of individuals who recognize the need for accessible housing in our community." says **Chief Todd Cornelius of Oneida Nation of the Thames**. "The needs are great, and to have this initiative come to life and supported by the Imagine Build team sets a good example of reconciliation."

"The Imagine Build team has worked in collaboration with Oneida to move forward in a good way states **Pam Tobin, Chief Executive Officer at Oneida Nation of the Thames**. Through ongoing engagement, building relationships, and providing sustainable solutions to accessible housing, the team created a true model of reconciliation."
